## ROMANTIC

### Wedding Took Place in Newark Thursday

#### When Aged Illinois Man Married Miss Mary Jones.

Groom and Bride's Brother Boyhood Friends Who Went to California Together--After Wedding They Attend Marriage of Niece.

A wedding that had more than the usual amount of romance about it took place at 61 West Church street at 11 o'clock Thursday morning, the groom being Daniel Kellar, aged 78, and the bride, Miss Mary Jones, aged 65, Rev. L. S. Boyce performing the ceremony in the presence of only a few relatives and friends of the couple.

The wedding was the culmination of a romance that dates back to the time when the country was excited over the discovery of gold in California, many of the strong, vigorous young men of Ohio being among the first to arrive at the new gold fields, where many succeeded in gaining fortune, while more gave their best years to a vain search for wealth.

In the late 40's William Jones and Daniel Kellar were young men, whose friendship for each other was like that of David and Jonathan, as recorded in Holy Writ.

They were reared together and their tastes and environments were the same. They enjoyed the same boyish sports and grew to vigorous young manhood, when it was announced to the world that unheard of riches awaited those of stout heart and strong and willing hands in the new Eldorado. After consulting with each other, William Jones and Daniel Kellar left their Ohio home for the California gold fields, their only capital being grit, determination and honesty of purpose. They arrived on the scene when the excitement was at its height, and for 18 years they shared the same bed, and together endured all the trials and hardships which attended the lives of the searchers for the rich yellow metal.

Daniel Kellar married in California and moved East to Warren, Ill., while William Jones returned to Newark. O. Fortune had been kind to them both and each had secured for himself a competence.

## HELD

### FOR ST. LOUIS OFFICERS IN A MEXICAN TOWN

Is Charles Kratz, Who Jumped a Big Bond--Ex-Councilman Charged With Bribery.

St. Louis, Oct. 23.—Charles Kratz, former member of the city council, was indicted February 5, 1902, by the grand jury on the charge of bribery in connection with the Suburban Street Rail way franchise deal, in which \$135,000 was placed in a safe deposit vault to be used to pay for the passage through the council of a franchise asked for by the Suburban company. This money has been recovered and is now in the hands of Circuit Attorney Folk. Kratz was released in bonds of \$20,000, and on April 4, 1902, he left the city before the case went to trial. He went to Mexico, where he remained ever since. On April 19, his bond was forfeited.

The arrest of Kratz was brought about at the request of the state department of the United States after several conferences had by Circuit Attorney Folk with Secretary Hay, in which Mr. Folk endeavored to secure the return of the fugitive under the treaty recently signed by both governments. A heavy reward still stands for Kratz.

Circuit Attorney Folk received a dispatch from the state department at Washington at 3 o'clock yesterday afternoon, stating that Kratz had been arrested at Guadalupe.

Mr. Folk expects to have Kratz back in St. Louis within 10 days. The papers necessary for the extradition are all in the state's attorney's possession, and he will dispatch a man today to Mexico.

The papers were signed in St. Louis by Governor Dockery and the local officials some weeks ago, and were then forwarded to Washington. There the necessary signatures of the federal officials were attached and the papers re-

## SEVEN

### When He Entered Prison and Twenty When Released.

New York, Oct. 23.—After thirteen years within prison walls, twenty-year-old James Frank Daily has come out of Sing Sing into a world that is as strange to him as to the veriest cave dweller. He can find no trace of his parents.

"I was put away when I was seven years of age," said Daily, "because I ran away from school. In 1894 I was transferred to Randall's Island. I tried to escape and was sent to the Elmira reformatory. There I hit a keeper and was sent to Sing Sing."

Daily is living with David Willard, a probation officer, who has great sympathy for him and is trying to find employment for him.

## UNUSAL

### Speed Developed by a Miconite Disk on an X-Ray Machine in Cleveland.

Cleveland, O., Oct. 23.—In the whirling, noisy shops of the Lincoln Electric company, half a dozen expert electrical engineers, X-Ray men and patent lawyers are making a series of experiments upon which depends the validity of a patent.

Dr. Rome V. Wagner has a patent on an X-Ray disk made of mica and shellac called miconite. He has sued the H. C. Engeln company for infringement. The defense is that the miconite isn't any better than a rubber or glass disk, hence there is no grounds for a patent on it. Dr. Wagner says a miconite plate will stand greater speed in revolutions. To prove it he built a machine and determined to break glass and rubber disks. Two glass plates broke at 1,300 revolutions per minute. A rubber plate stood 4,500, but was found to be loose. A miconite plate at an unofficial test made 6,000 revolutions, the rim traveling at the incredible speed of nine miles per minute. When the machine was opened the glass wheel had broken up into fine powder.

## COLOR LINE

### Causing Trouble Between Texas Soldiers and Colored Troops Now at Fort Riley, Kas.

Fort Riley, Kas., Oct. 23.—Colonel Hutchins of a Texas regiment, has asked official inquiry into an alleged assault upon Privates Creel and Stevens of his regiment, by three colored soldiers. Stevens was slashed across the back of his neck with a bayonet. Creel was badly mauled with a revolver butt and a club. The skirmish in which the Texans were laid out occurred north of their camp after dark and was incident of the ill feeling between the Texans and the colored troops which continues to increase. Private Elliot, a Texan, was knocked out by a brick thrown against the back of his head as he sat in his tent. Texas officers applied to General Barry for an order requiring the negroes to keep out of the Texas camp, but General Barry said the United States army could not discriminate on account of color. The Texas officers now will not allow their men to leave their tents at night.

## DEAF-MUTE PROPHET TOLD THE TRUTH

Vincennes, Ind., Oct. 23.—At the Knox county fair, held here about a year ago, Chas. Wheeler, a deaf mute gardener, presented Misses Fayette Smith and Edith Hill with several sweet potatoes and with them a card bearing the writing: "If you take these home, cook them and eat them, you will be married before the next fair."

His prophecy came true and one of the young women is now the wife of Winfield Robinson, a lumber dealer, and the other the wife of Lieut. Len Purcell, who is now with the United States army in the Philippines. Both young women were married several months ago and Wheeler's prophecy was recalled by the fair, which was held here this week.

Portland, Ore., Oct. 23.—Federal Judge Bellinger decided yesterday that Secretary of Commerce Cortelyou exceeded his authority when he arbitrarily issued an order to deport two French women on the ground that they were brought here for immoral purposes. The women have been kept prisoners a month by the immigration inspectors. The judge said the secretary had no right to issue the order before a hearing by a court.

## "DAIRY"

### Butter Made from Meat of Coconut in Holland

Washington, Oct. 23.—"Dairy butter" is now manufactured in Holland from Philippine dried coconut meat and is shipped to all parts of the world. This statement is made in a bulletin today published by the Philippine bureau of agriculture which has been making a special study of the coconut industry of our island possessions, across the Pacific. The coconut furnishes two distinct commercial products, the meat of the nut, or copra, which is worked up into Dutch "butter," soaps and other commodities, and the outer fibrous husk.

It has been only within the past few days that food products have been manufactured from copra, although soap has been made from the same for decades. Several large factories in France are now engaged in making "vegetaline," "cocoaline," and other products belonging to this infant industry. The Hollanders have succeeded in preparing from these manufactures a very respectable looking and tasting butter. At first it was necessary to disguise the product by subjecting it to trituration with milk or cream, but so perfect is the present method of emulsion that the plain and unadulterated fats can be prepared and sold as butter without detection.

## PARKS

### Now Languishes in Prison Unable to Furnish Bail.

New York, Oct. 23.—Peering through the iron bars of his cell in Tombs prison this morning sat Sam Parks, the walking delegate, friendless and alone. He is unable to get \$5,000 bail on the last charge against him, that of perjury. A few days ago he could have tied up the building trades in New York City. William Weaver, his friend, has passed him up and Parks says: "I am down and out. There ain't a chance on earth for me. I'll stay in the Tombs till they send me away." Parks has already been convicted of the charge of bribery and is now indicted for perjury.

## WEDS DAUGHTER OF CONGRESSMAN

Zanesville, O., Oct. 23.—The most notable wedding of the year was solemnized at the Second Presbyterian church at 6 o'clock last evening, the principals being Miss Dollie Van Voorhis and Mr. Robert S. Black.

Miss Ada Van Voorhis, sister of the bride, was maid of honor, and Miss Constable, of Baltimore, Miss Kate Jones, Miss Helen Stewart and Miss Dorothea Guthrie were bridesmaids. Mr. Black was attended by his brother, Mr. Walter Black.

The bride is the daughter of Hon. H. Clay Van Voorhis, congressman from the Zanesville district, and a popular girl in Zanesville's best social circles.

The groom is a member of the firm of Black & Co., wholesale dry goods merchants.

### Smallpox Suspected.

Glenford, O., Oct. 23.—A case of smallpox was suspected at Jacob Ridenour's home in the southern part of this town, which is in Perry county. The board of health sent Dr. Brown to investigate, and he reported smallpox. When the board proceeded to quarantine the house the family resisted with a double barreled shotgun and rifle, scaring Constable Shelling and Clerk Appoway away. The board called at the home again and tried to reason with Mr. Ridenour, but in vain.

Yesterday the constable and his clerk, assisted by two able deputies, called again to establish a quarantine, and after a hot conflict at the marriage of guns and under a heavy fusillade of clubs, succeeded in arresting Jacob Ridenour and Charles Billingsley and quarantining the home. The trial of the prisoners is being held. Eleven cases are now under quarantine.

New York, Oct. 23.—Katherine Sullivan, aged 24, and her sister, Dollie, aged 21, employed as domestics at 77 West Fourth street, were found dead in their room this morning, having been asphyxiated by gas. It is supposed that their deaths were due to an accident.

Berlin, Oct. 23.—The Czarina of Russia, it is learned, is again en route. The czar makes daily visits to the Russian church at Darmstadt to pray that he may have a son and heir.

## FAMILIES

### Driven Away by Mob After Houses Were Burned.

Madison, Ind., Oct. 23.—The four Burchfield families, who were burned out and driven away from Jennings county, Ind., by a mob Wednesday night, passed through Madison this morning on their way to their old home in Trimble county, Ky. Wednesday night a mob marched to the four houses occupied by the Burchfield families and ordered them to leave. The Burchfields moved their household effects into the road and were then ordered to "go forth," which they did.

The mob then set fire to the four houses, and they were burned to the ground. It is supposed the action was taken out of resentment at the light penalty imposed on Len Burchfield, who was charged with an attempt to kill Frank Van Pleasie last August.

## HAPPINESS

### Of Others Too Much for Nichols—Canton Woman Thinks His Victim Was Her Brother.

Salt Lake, Utah, Oct. 23.—Mrs. Thos. Gray, of Canton, O., who is visiting the family of Charles Scaffer, 640 West North Temple street, believes that her missing brother, William Williams, was the man killed several years ago by Wade Nichols, a convict in the state prison. Mrs. Gray came here to search for her brother, who has been mysteriously missing for several years. Williams formerly lived in Canton.

The man killed by Nichols tallies with the description of Williams, and the murder was committed the same month Williams disappeared. Mrs. Gray is making a thorough investigation and hopes to clear up the mystery.

Nichols describes his crime as follows: "I was coming along a road one cold night, tired, hungry and almost freezing. The man I shot was standing in a window, with his wife holding a baby between them. It seemed to me as though they were gloating over my condition, and impulsively I drew my revolver and shot him."

## MISS GOELET

### Will Become the Bride of Duke of Roxburgh on November Tenth It Is Said.

New York, Oct. 23.—Miss Mae Goelet will become the wife of the Duke of Roxburgh at high noon Tuesday, November 10, in St. Bartholomew's church, New York, according to a Newport dispatch. It is also said that the wedding will be a strictly family affair. There will be a few friends, these to include the six bridesmaids and ushers, arranged for before the death of Sir Michael Herbert, which caused the change in the wedding plans. It is said there is no basis for the report that "Bobbie" Goelet is bitterly opposed to his sister's marriage and will break up the match if he can, the reason of his alleged opposition being that he disapproves of making a settlement of a part of the Golet millions on the duke. In fact, it is understood that all arrangements in a financial way necessary to complete the business details of this international alliance have been arranged satisfactorily to all concerned.

## CALIFORNIA MAY SOON HAVE A VOLCANO

Los Angeles, Oct. 23.—A spring in the famous Santa Ana canyon, noted for its cool pure waters since the days when the white man first came to this shore, has begun sending forth not water, the temperature of which is little short of boiling. The waters are no longer pure, but rank and odiferous with mineral drugs.

A few weeks ago it was observed that the water was growing warm. The temperature has increased until the water comes out of spring steaming. Of late there has been gathering about the sides of the spring a vitriolic-looking substance, precipitated from the waters. It is believed that internal fires are eating their way surfaceward and that the water has already become heated and poisoned thereby.

Vienna, Oct. 23.—A dispatch received here today states that the pope has sent 200 Turkish pounds to the Archbishop of Adrianople for distribution among the suffering Christians of that province. Of this amount sixty pounds were to be given to Madame Bachmetzoff for the relief of Macedonian fugitives.

J. Benson Foraker, Jr., has been made a trustee of the Ohio university at Athens.

## DOWIE HOST

### Grows Tired and Many Return to Zion City.

#### Whole Affair at Madison Square Is Petering Out.

### The "General Overseer" Tells His Audience That He Has Received Many Bogus Checks and Some Good Ones as Well.

New York, Oct. 23.—The civilized and uncivilized world learned today what a narrow escape it had from Dr. Dowie, had it not been for a divine message which made him the real good man he is today.

"I have often thought," said Dowie, "that if I had not been inspired by the Almighty what a bad man I might have been. What a curse to the world I would have been with my impetuous and persistent nature."

Then the dear old doctor smiled one long sweet smile as he thought how the world had been spared. Dr. Dowie spoke also of the many checks from leading citizens he had received, but all but one had been bogus. He had that cashed. A train load of the host left for Chicago this morning. The whole affair is petering out and the end is expected shortly.

Two hundred followers of Dowie yesterday indicated their desire to return to Zion city when the "general overseer" invited all who wanted to give up the work here and return home. Dowie said at that meeting that he would endeavor to convert the Pope.

A still greater crowd filled Madison Square garden last night at the Dowie services, and a still greater crowd massed outside the big building. Two hundred and fifty police were gathered there to preserve order, but their services were little required. The subject of Mr. Dowie's address was "The Claims of Christ as Universal King."

"The consummation of the age is rapidly approaching," he said, "and my mission is to tell you that the great and terrible day of the Lord is very near. God has never given up the government of his own world. What a farce to suppose that God, the creator, the sustainer, has relinquished his control. To whom? Oh, in America to the voter? No. There is but one form of government acceptable to God and that is the theocratic government. Failures of men to understand the sim-

## MUNGER

### FORMER NEWARK MAN WHO HAS BEEN MISSING

#### Gives Himself Up at Zanesville--It Is Thought the Strain Has Been Too Much for Him.

Zanesville, O., Oct. 23.—Harry Munger, the Seventh street news dealer, who up to about two years ago lived in Newark, has been missing from home for the past three days, and his wife had not the slightest knowledge of his whereabouts until yesterday, when it was learned he was in Hamilton, O. The following dispatch from that place gives meager information concerning the missing man.

"Hamilton, O., Oct. 23.—Harry Munger, a well dressed young business man of Zanesville, walked into police headquarters late last night and said he was wanted at Zanesville for issuing worthless checks. The police telephoned Zanesville, who said that he wandered away while demented. His wife is coming after him."

Chief Arter left last night to bring the missing man to this city. His wife is taking care of the business and when seen said she knew little or nothing of the matter beyond the fact that he had gone away.

She has been almost prostrated by his absence, but has bravely kept up her spirits and attended to the business, though her heart was torn with anxiety and misgivings.

She stated that she was inclined to the opinion that his mind had given away, as for some time he has been much worried over business matters, and being of an extremely nervous temperament, it had affected him to a considerable degree.

As to the statement that he might be guilty of issuing worthless checks, she said she knew nothing, but scouted the idea. She said business was good, and that the only reason she could give for

his absence was that he was temporarily deranged as the result of worry. Munger has only been in business about two months, and it is said by some of his friends that he went into it on a larger scale than the location would warrant. He is known to have said that he was having trouble in meeting his financial obligations, and this, coupled with the worry of building up a new business, may have unbalanced his mind.

## SAUSAGE

### Makers Angered by Refusal of an Increase in Wages, Will Strike Tomorrow.

Chicago, Oct. 23.—Angered by the refusal of the meat packing firms of the country to grant them an increase of 25 cents a day in wages, the sausage makers, represented by their executive officers and the Packing Trades Council, voted to strike tomorrow morning. There are 5,000 sausage makers in the Amalgamated Meat Cutters and Butcher Workmen, and of these over 1,400 are employed in the Chicago stock yards. The others are working in the various meat centers of the country, the majority being in East St. Louis, Kansas City and Omaha.

The strike will not cripple the packing industry unless the Amalgamated Meat Cutters and Butchers' Workmen order all of their 100,000 members to go out in sympathy. If this action is taken it will be an every large plant.

# NEWS OF DAY IN THE FIELD OF SPORT.

## THURSDAY'S RACES.

**May Patch, Favorite for 2:23 Pace, Took the Event In Straight Heats, While Allie Leaf Won the 1:17 Pace in Straights.**

Thursday was ladies' day at the races and this fact brought out a large attendance of the fair sex. Only two races were decided, the 2:27 pace going over until Friday. May Patch, favorite for the 2:23 pace, took the event in straight heats in easy style, while Allie Leaf, an outsider in the betting, won the 1:17 pace.

The first race Thursday afternoon was the 2:23 pace, for which event there were five starters, with A. E. Miller's mare, May Patch, a top-heavy favorite in the pools and for the first heat. The book offered 3 to 10, which was the best price against her chances in the opening heat. The pools sold only fairly well, as May Patch brought \$10, while the field went begging at \$3 and \$4. Try Rain caused a tedious delay at the post by his bad acting, but they were finally sent away with Try Rain in a well back. He was never a contender and was easily distanced. May Patch, driven by Amos Groves, went out and won as she pleased, jogging home several lengths in front of Kentucky Star.

The eight starters in the 2:17 pace were sent away after scoring three times. Fontabella was favorite at even in the book for the heat, while for the race she sold in the pools for \$10, the field bringing \$3. Allie Leaf and George Burns made the running, racing like a team until the stretch was reached, when Allie Leaf drew slightly away and won by a narrow margin. The favorite finished fifth.

As a betting proposition the second heat of the 2:23 pace was a frost, and the same is true of the heat as a contest. There was nothing to it but May Patch, and she won from the word till the wire was passed. The first excitement of the afternoon occurred in this heat, however. Coming down the stretch the first time, Kentucky Star broke and swerved into Prohibition, Wilkes, unseating the driver of the latter horse, who fell to the track. He gamely held on to his horse, however, and both horse and driver, by the display of most excellent judgment, escaped injury.

The second heat of the 2:17 class

pace was called and Allie Leaf was a favorite for the heat at even money. As in the previous heat, it was a close race between Allie Leaf and George Burns, the former winning easily, however.

The final heat of the 2:23 pace was a veritable clinch for the favorite, May Patch, and she took this heat and the race in hollow style.

In the third, and, as it proved, the final heat of the 2:17 pace, every horse in the race seemed to be after the favorite, Allie Leaf, but after getting away well, she was never headed, and won comparatively easily. The race for second place in this heat, however, was a desperate contest between Harry R. and John R. Gentry, Jr. Both Johnson and Valentine drove fiercely through the stretch and it looked to nine out of every ten as if the latter had landed close finish between these two horses, and the judges spent considerable time in deciding which horse to place second, finally deciding to give the place to John R. Gentry, Jr. When this was announced a storm of hisses and hoots greeted the decision, and it was plainly apparent that the sympathies as well as judgment of almost everyone was in favor of Harry R. The summaries of the races follow:

## NEW WORLD'S RECORD

**Dan Patch Passes a Mile in 1:56 1/4, Clipping Off Three-Fourths of a Second From the Record, at Memphis Track.**

Memphis, Tenn., Oct. 23.—The third day of the harness racing at the Memphis Trotting association's track was made memorable by the magnificent performance of Dan Patch in a trial against time.

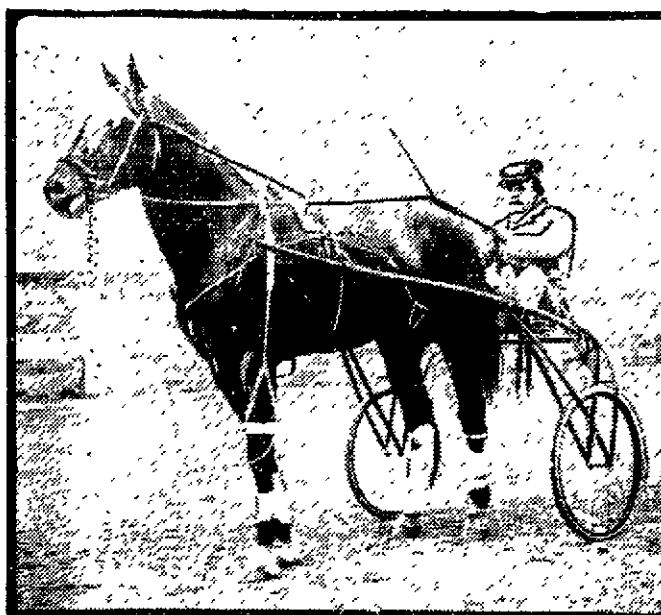

The handsome son of Joe Patchen made the mile in 1:56 1/4, clipping three-fourths of a second from the world's record of 1:57 held by Prince Alert, and lowered his own record by 3/4 seconds.

The mile was paced without a wind shield, and at the finish Dan Patch seemed as fresh and vigorous as at the start.

The demonstration that greeted the new world's pacing champion as he flashed under the wire was a memorable one.

Horse owners, who stood about the track before the starters' stand, had caught the time with their own watches and before the official time was flashed out across the track they set up a mighty shout and threw hats and caps high into the air.

The trial was made with two runners to set the pace, the sulky preceding the pacer carrying a canvas strip between the wheels.

DAN PATCH PACED MILE IN 1:56 1/4, A NEW WORLD'S RECORD AT MEMPHIS TRACK FRIDAY AFTERNOON.

The quarter was reached in 29 seconds, the half in 58 and the three-quarter pole in 1:27 1/4.

As the horses swung into the stretch Dan Patch was pushing the forward runner so closely that scarcely a hand's breadth intervened between his nose and the back of the driver in the forward sulky.

Scarcely any one had displayed sufficient enthusiasm in the bay son of Joe Patchen to suggest that he might

equal the record of the champion, Prince Alert, and certainly no one had predicted that he would excel this wonderful mark of 1:57.

But he went the mile with so little apparent exertion that his admirers are predicting that he will still further lower the world's record should he start against it with weather and track conditions as favorable as they were when he made his wonderful mile Thursday.

## THE DREADED CLANG

of the ambulance bell that is so frequently heard could be frequently obviated, remarked the Romoc man.

You see it is just this way, nine out of ten people who are overcome by fainting spells, vertigo, weakness, palpitation of the heart and many other ills that cause unconsciousness are the victims of Indigestion.

Indigestion is not always indicated by severe pains in the stomach. It is such symptoms as I have described above that indicates its presence and are often the first warning that the stomach does not work right.

If more people would only take that greatest of Nature's remedies, Romoc, there would be less stomach disorders. Like all of Nature's remedies, Romoc acts directly on the seat of the trouble. No harm ever follows its use as is the case when remedies containing injurious drugs and alcohol are resorted to.

Romoc tones up this great life centre of the body, and, what is more, it purifies the blood, strengthens the nerves and creates a healthy, normal appetite.

Won't you please buy a bottle of Romoc, on my assurance that it will do you good and you will become one of the many in this city who advocate the use of this harmless yet potent medicine.

## TOMORROW

The Denison-Kenyon Game Will Take Place at Gambier—Newark People Will Attend.

A large number of Newark people will go to Gambier Saturday to witness the annual football struggle between the old rivals, Denison and Kenyon. This game promises to be a warm contest as both teams are confident of victory.

The Newark people will be divided in their sympathies and each team will have many warm adherents, who will do their best to encourage their favorite team to victory.

Denison in Good Shape.  
Granville, O., Oct. 23.—Saturday morning about half the students in Denison university expect to invade Gambier to yell for their team in the contest with the Kenyon eleven.

Each day finds Denison's team better prepared to cope with their oldtime rivals. Coach Stanton has been drilling the men on the defensive work during the entire week, and Kenyon will have a far more formidable line to face than other teams that have met the Baptists this year. A lively squad of scrubs appears each night to line up against the varsity. Their number has been greatly increased during the past week by the interest aroused by the game Saturday.

Every night this week the students who cannot don mole skins have gathered along the side lines at Beaver field and cheered the scrubs to greater efforts against the varsity.

In one of the scrimmages Wednesday night Roudbush the star quarterback on the Denison eleven, sustained an injury to his left leg, but it is hoped that he will be able to get into the game by Saturday as the Baptists are depending largely on his work for a victory tomorrow.

Van Voorhis, the right half, who had his head cut at Tiffin last Saturday, is seemingly none the worse for his mishap and will undoubtedly put in his usual good game. The Denison eleven will put up their best work Saturday and they believe that they have a good fighting chance.

At the Races.

Here is one from the Chicago News that may be appreciated here at this time:

Plunger—Took my rabbit's foot out to the race track.

Dennis—Did it prove lucky?

Plunger—Should say so. After I'd lost my last dollar I succeeded in selling it for a dime and didn't have to walk home.

HYDE PARK ECKERSALL  
CHICAGO'S LIGHTWEIGHT.

**WALTER ECKERSALL.**  
Chicago, Oct. 23.—Walter Eckersall, the University of Chicago football eleven's new quarterback, is the lightest man that ever played that position on the team. Eckersall is a dashing player, knows the game from A to Z, is as fast as lightning, but lacks weight. In condition he tips the beam at 135. He is a Hyde Park high school player and was the cause of much controversy between Chicago and Michigan.

## Asthma Can Be Cured

The statement of Mr. J. F. Homan, 20 E. Adams St., Chicago, proves that the worst cases of Asthma in the world are not only relieved, but are readily cured by Dr. Schiffmann's Asthma Cure. He says: "Asthma kept me in terrible misery for ten years until I used your Asthma Cure. After the first trial I was a changed man. I went to sleep that night and awoke next day much relieved and I have gotten entirely over the Asthma. It is now nine years since I was cured."

Sold by all druggists at 50c and \$1.00. Send 2c stamp to Dr. R. Schiffmann, Box 84, St. Paul, Minn., for a free trial package.

## BUCKEYE LAKE

The Coming Summer Resort of Ohio—Many Cottages Will be Built Along the Banks.

"Licking reservoir is the coming summer resort for Ohio," remarked Mr. Mohr, the contractor, the other day, after a return to that place.

Mr. Mohr is one of a party of Columbus men who have leased 1,000 feet of land from the state, which borders upon the lake, and will erect a number of cottages upon the strip for the benefit of the members of the club and their families.

A large number of Columbus people already own cottages there, and many spend the summer at the lake, preferring that spot to the larger lakes to the north.

"I think the legislature would do a grand thing this coming session, if it would only provide sufficient money to pay for weeding the stumps out of the lake," continued Mr. Mohr, "and a number of us have assurances that the same will be done. The lake is dangerous at low water and only expert oarsmen can trust themselves out among the thousands of stumps which dot the lake."

Mr. Mohr predicted that within the next five years there will be hundreds of summer cottages along the banks of the lake, and that a miniature summer city will be established at that point. Its accessibility, both by steam and electric roads, he says, will make for it the most popular resort in the state.—Columbus Dispatch.

## CARD OF THANKS.

We desire through your paper to thank all our friends and neighbors, the B. L. E. and G. I. A. and the Rev. Mr. Boyce for their kindness during the sickness and death of our husband and father, Thomas Armstrong. Also for the many beautiful floral offerings, tokens of their sympathy. Mrs. Edith Armstrong, Earl C. Armstrong.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

**Canine Intelligence.**  
A striking instance of canine intelligence is reported from Paris. A male schoolteacher named Dillaz was waylaid one evening near Charenton bridge by two roughs, who set upon him and, after rifling his pockets, flung him into the Seine. A collie dog that happened to be near, without being encouraged to do so by any person—indeed there were none who saw the circumstance—at once plunged into the water and, catching the man by the coat, aided him to keep afloat until the river police, attracted by his cries, arrived to his assistance. M. Dillaz was subsequently able to furnish the police with a description which led to the arrest of his assailants.

**GETTING READY TO TRADE.**

How do Messrs. Siegfried, Rogers and Jury like the methods of certain postmasters and rural mail carriers in trading them off for a vote for Dr. Watkins? Mr. Ickes wants to hold the postoffice another four years in the event of the election of a Republican President and "wants to let well enough alone."

How much money out of the Dick fund sent to Licking county will the above named trick receive to aid them in their election?

Last evening's article in the American-Tribune truly reveals the treacherous methods being employed and all Democrats and many Republicans are aware of the scheme to try to elect Dr. Watkins without regard to the rest of the ticket.

**A PARTY OF FALSE PRETENSES.**

If one were to listen to the pious outpourings of Senator Hanna, he would be almost moved to believe that the sacred sanhedrin of the Republican party sheltered only a lot of divinely appointed politicians clothed in garments a little whiter than snow, and into whose minds an evil thought never entered.

But when one looks into the place he is suddenly disillusioned. Instead of finding a choir of angelic beings playing on lutes and harps, he finds such palpable specimens of coarse and every-day humanity as Boss Hanna, Boss Quay, Boss Cox, Boss Platt, Boss Addicks and others of the family, "standing pat" and dividing the plunder of cities and states among themselves with all the sang froid of so many pirates.

The taxpayers of Ohio, without regard to party, know two things: 1. The promises made by the Republican leaders to reduce taxation and cut down public expenditures, repeated annually for the last ten years. 2. That during all that time, with the Republican party in power, taxes have increased and public expenditures have been nearly or quite doubled, and what is still worse, taxes have been imposed in such a way that millionaires and corporations escape with small payments, while the burden rests on the small property owner. Ask your Republican neighbors to help in the work of smashing this party of false pretense.

## HAD HIGHEST SKILL

AND YET THIS WORKMAN STARVED TO DEATH.

A pathetic story of hardship and misfortune was told an Advocate representative yesterday. It seems a man not far from this city was exceedingly skillful in a certain line of work, but he was so unclean in his habits that his hands were always soiled. Whenever he did a fine piece of work he would be likely to spoil it by getting it spotted and greasy. So at last no one would hire him and he grew so poor he finally died from insufficient nourishment.

"Now," said Mr. Frank D. Hall, our well known pharmacist, "there is a parallel case to that one in the field of medicine. It is cod liver oil, which contains medicinal and curative properties to do such splendid work as a body-building, healing, strength-creating tonic medicine, and yet fails because it's greasy, indigestible oil upsets the stomach and hinders these excellent curatives from doing their healing work."

"Like the workman, old-fashioned cod liver oil has 'lost its job,' and few people nowadays have any use for it or emulsions, since Vinol is rapidly taking their place. Vinol is delicious and digested with perfect ease, and at the same time contains all the genuine medicinal curatives, taken direct from fresh cods' liver. Vinol will do more than was ever claimed for old-fashioned cod liver oil, yet it is entirely free from oil and agreeable to the weakest stomach. It is guaranteed to give strength to the weak, vitalize the aged and cure stubborn colds and hacking coughs, or money will be paid back." Frank D. Hall, Ruggist.

## THE PERSONALITY OF THE PROPHET OF ZION.

I. K. Friedman Pictures Dowie in the November Everybody's.

Those who have approached John Alexander Dowie in anything but a prejudiced and antipathetic spirit bear testimony to his remarkable personal magnetism—the extraordinary gift he has of impressing his individuality on all who come in contact with it. His appearance despite his shortness of frame, his tendency to fatness, his bow legs and his baldness, is rather attractive. He really wears the aspect of benevolence and looks the patriarch. Today he is 56 years old; his shoulders are straight and ample, his eyes are bright and piercing, his beard white and flowing. Of his appearance he is extremely vain, showing that he is just as human as those who would cure by methods less divine, and he keeps the official photographer of Zion busy by his constant posing, now in this position, now in that—before the untiring eye of the camera. It may be a matter of business entirely—you will see how both of his eyes are open for bargains; and he may be counting on inspiring confidence in those whom his voice cannot reach, albeit the phonograph and the telephone carry his prayers from Zion City to the ends of America and the earth.

Too late to cure a cold after consumption has fastened its deadly grip on the lungs. Take Dr. Wood's Norway Pine Syrup while yet there is time.

## ENTIRE POPULATION OFF FOR AFRICA.

Glasgow, Scotland, Oct. 23.—The entire population of the island of St. Kilda is about to emigrate to South Africa. And it is no wonder.

St. Kilda is an island lying west of Scotland and its present population consists of 75 men, women and children. It lies 40 miles west of North Uist, from which island there is daily communication with Glasgow by steamer. Yet St. Kilda is one of the most inaccessible islands on the map.

During June, July, August and September it has one steamer a month to Glasgow, but during the rest of the year it is absolutely out of communication with any other part of the world.

The people of the island have arranged a peculiar postal system of their own. During that portion of the year when there is no steamer letters are sealed up in a strong box and when the wind is in the right direction the box is cast into the sea. If the wind holds good the box is cast up on the coast of the outer Hebrides and the letters are there mailed. If the wind shifts, the mail is, of course, lost.

St. Kilda has been a town for more than 200 years. During this time its population has varied in number. In 1724 the population was reduced by smallpox to 50 only four of whom were adults. Then came years of

slow growth, and in 1785 its maximum population was 110.

The news of the discovery of gold in Australia reached the island in due time, and in 1857 36 islanders left for Australia. No other important events are chronicled regarding the islands until 1864, when the drowning of six of the inhabitants further reduced the population. In 1891 there were but 71 people on the island.

## ETNA

Democrats Turned Out in Large Numbers to Hear the Speakers on Thursday Evening.

The Democrats of Etna township held a splendid meeting on Thursday evening. The meeting had been but little advertised, but notwithstanding this, the staunch Democracy of old Etna turned out in goodly numbers. The meeting, which was held in the township house, was called to order by George W. Helmick, Esq., and Harry Lawine was made chairman, who introduced the speakers of the evening, Attorneys Roderic Jones, B. G. Smythe, D. M. Keller and Hon. W. D. Benner, Democratic candidate for representative. The issues of the campaign were fully discussed and the remarks of the different speakers were received with marked attention and enthusiasm. The indications are that Etna township will give a good account of itself by rolling up a big Democratic vote at the coming election, and that Tom L. Johnson, Democratic candidate for governor, will get more than the usual Democratic vote.

## GRANVILLE

Employees of Powers-Miller Store Surprise Mr. H. H. Powers—Granville Personals

Granville, O., Oct. 23.—Mr. H. H. Powers, Granville's popular dry goods merchant was the recipient of an agreeable surprise on Thursday night. Some twenty-five or thirty of the employees of the Powers-Miller establishment in Newark chartered a special car and arriving here at an early hour in the evening repaired to the home of Mr. Powers on Granger street, where a most delightful evening was spent in addition to the Newark crowd, quite a number of Granville people also participated in the affair. The diversions of the evening consisted of games and music, seasoned with refreshments. The Newark crowd left for their homes at 11:20 o'clock, all having had a splendid time.

Harry Moore, son of W. B. Moore, met with a very painful and serious accident. He had gone out into the hills in search of chestnuts, with a number of young friends, and fell from a tree, fracturing his left arm between the elbow and wrist and sustaining other injuries.

Mr. and Mrs. H. B. Brownley of Hamilton, O., who have been visiting friends and relatives in this vicinity for the past week, returned home this morning.

## THE OLD RELIABLE

A. B. SMITH

Continues to sell pianos. Numerous visitors present from outside points yesterday.

Two uprights and one new organ sold in 2 hours time. Sale positively continues seven days more.

Store open tonight.

Easy terms of payment to suit you.

There is a reason "why" the customer buys a piano here at this sale. The small payment required, from \$10 to \$25 down, interests him. The fact that I take your old piano or organ as first payment and no money thereafter for a month gets his attention again. If I did not have 1200 people paying me for pianos it would be different, but it's as it is, and it's up to you to come in here and bring some money with you and select quickly before they are all gone.

As the "old man" of the family, if you have been promising a piano, here is your chance to save \$100. I mean \$100. I am selling \$225 pianos for \$221 and \$400 pianos for \$275, and \$225 pianos for \$138. \$85 organs, six celataves, for \$39. Terms to suit you.

Why wait longer? Yesterday evening at 7:00 o'clock I sold an upright; at 7:45 an upright; at 8:30 an organ. I will close a handsome Steger this morning; and at the time of writing this advertisement my salesroom was full of lookers.

I may not have enough pianos to go around, and there were only sixteen to begin with, and twelve only are left. The sale positively ends Saturday, October 31, and at the rate I am selling these pianos they may all be gone by this coming Saturday.

Hurry in immediately. New organs \$39, \$4 per month. A good secondhand organ for sale at your price. Call or write.

**ODD ROCK FORMATIONS.**

Two Queer Freaks of Nature on the Island of St. Helena.

There are at least two queer freaks of nature on the island of St. Helena—or rather four, for one of them is a group of three figures—known the world over as the "Devil's Nose" and "Lot and His Daughters." Any one who is able to study the island as it is and not run wild over the Napoleonic legends which have clustered about that "seabound rock" since the days when the "Little Corporal" was housed there in his living grave will find much that will repay for investigation, time and study.

The queerest of the natural formations are the oddities above alluded to. The first of these initiative forms is a rocky promontory which has been known by names which signify Old Nick's nasal projection since May 22, 1502, when Juan Castella and his men sighted the island just in time to see the devil disappear beneath the waves in the best harbor, leaving his nose as a reminder of what might happen should the venturesome Spaniard seek to take possession of his Satanic majesty's favorite haunts.

"Lot and His Daughters" are three conical rocks which can only be conjured into representing a man and two women by a strong play of the imagination. According to the views of some writers they are weather worn statues of colossal size, probably the work of some aborigines of the island. Their gigantic size, however, would seem to preclude this idea. When or by whom they were dubbed "Lot and His Daughters" no authority has ventured to say.

**American Drums Excel.**

"Ever know that Americans were the greatest drum makers in the world?" said a man in the business. "Fact. Not only do they make the most drums, but they make the finest drums too. And there's a great deal more to the manufacture of a drum than you would think. Of course the cheap variety doesn't amount to anything. They're simply toys. There is just as much difference in drums as in any other musical instrument, though most people wouldn't think so. The drums required in orchestra and band work have a certain sharpness of tone, while those used in corps and military work must have a duller tone, and the drum must not be so sensitive to the touch."

"And how many parts do you think a well made drum consists of? Wrong. It has 245 pieces, not including sticks, books and belt. Everything must be of first quality, too, for a drum must have tone first of all, and it must be constructed to withstand rough usage. Great business is drum making and interesting too."

**Mess System on Board a Man-of-war.**

The mess system on board a big man-of-war is as complex and complete as the table service of a big hotel. The modern war ship, with its five or six hundred persons on board, must be a floating hotel and storehouse in itself. Every vessel of the navy is required by the regulations governing the navy to have a general mess system. The enlisted men on ship are divided into squads of about twenty each, forming a mess. Chief petty officers and officers' servants are not included in this division. Every mess has one or two petty officers at its table, who fare like the men. Every mess has its special mess man, who brings the food from the galley and serves it at the table. It is also the mess man's duty to see that the mess table and mess gear are clean and in order. The messes on board ship are under the direct supervision of the commissary department, which is under the control of the pay officers.—Gipson's Magazine.

**Sarsaparilla "Floors Them."**

"Of all the drinks asked for at this counter," said the soda water clerk, "those doctored up with sarsaparilla are most frequently mispronounced. Not one person in ten speaks that word correctly. Most people call it either 'sasapirilla' or 'sasaprella.'"

"Even people who know how to spell the word don't seem to be able to twist their tongues around the combination of syllables and make 'sarsaparilla' out of them. They may be able to pronounce words much harder without a stammer, but 'sarsaparilla' floors them every time."—New York Times.

**A Creature From the Fire.**

Aristotle believed that some creatures were capable of supporting life even though confined to the devouring element. He says: "In Cyprus, when the manufacturers of chalcitis (lime) burn it many days in the fire, a winged creature something larger than a great fly is seen emerging from the stone and leaping and walking about in the fire. These creatures perish immediately upon being removed from the furnace."

**Damaging Admission.**

"The baby weighs twelve pounds, does he?" said the proud young mother. "Are you sure the scales are correct?"

"Correct!" exclaimed the equally proud young father incautiously. "Of course they are. They're the scales I always use for weighing the fish I catch."—Chicago Tribune.

**Creal.**

Cholly—That was a clever thing you said to Freschey last night.

Miss Peppery—Who told you?

"Why, I—er—heard you say it."

"Yes, but who told you it was clever?"—Exchange.

**Not a Repeater.**

Mrs. Knowser—Not much. You needn't be afraid of his repeating anything you say.—Philadelphia Evening.

**The Blood is Pure, then the individual is strong and healthy.** If the blood is impure, then there is sickness and decay in the whole system. The duty of the Kidneys is to filter the blood, which circulates through them for that purpose, cleansing it from all impurities, worn-out matter and uric acid, collected in its journey from the heart through the system. To purify the blood we must first be sure that the Kidneys are in order. We cannot get pure water from a foul filter, neither can we get pure rich blood from diseased Kidneys. If the Kidneys are out of order, they cannot filter the impurities and uric acid from the blood, resulting in Rheumatism, gout, pain in the back, urinary troubles and kindred diseases. IRVING'S BUCHU WAFERS cure Rheumatism to stay cured, by removing the cause. They put the Kidneys in a healthy condition, enabling them to discharge the blood to the heart pure and healthful, with all uric acid, the presence of which in the blood is the cause of Rheumatism and all other blood diseases, eliminated. Mr. John Knowlton's experience, which he relates in a recent letter, is just the same as many others who have written in thankfulness for their cure. Mr. Knowlton's says:

"As a sufferer from chronic Rheumatism for nearly twenty years, I think I may safely say that I have tried almost a hundred remedies: old women's recipes, physicians' prescriptions and patent medicines. Many of them relieved me for a time, but the first slight cold brought back the Rheumatism. One day I picked up a circular of Irving's Buchu Wafers and started to read it. I was not much interested at first, but when I began to read how the kidneys were responsible for Rheumatism, I began to pay attention and the common sense statements made such an impression that I immediately bought a box. Well, I brought it back, but not so bad as previously. This encouraged me, and I bought six boxes. I took them all faithfully, and it is now nine months since I had a twinge of the Rheumatism, so that I feel that I am really cured. After the experience that I had with other so called remedies for Rheumatism, you will understand how glad I am to be able to testify to the merits of Irving's Buchu Wafers. They certainly did all that is claimed for them in my case."

IRVING'S BUCHU WAFERS are nature's own remedy for the cure of Bright's Disease, Congestion of the Kidneys, Bladder troubles, Dropsical Swellings, Gout, Gravel, Jaundice, Diabetes, Female Complaints and Irregularities, and are a positive cure for all Diseases and Blood Impurities which are directly or indirectly traceable to deranged action of the Kidneys. They are pleasant to the taste, being sugar coated, and are prepared by the Irving Drug Co., Philadelphia. Price, fifty cents. There are many imitations of the IRVING'S BUCHU WAFERS on the market, but do not be satisfied with anything but the genuine.

## JOHN NEUFFER GOES WITH THE ILLINOIS CENTRAL.

Ingalls on the Present Outlook—U. P. Retrenchment—Local and General Railway News.

John G. Neuffer, superintendent of motive power of the B. & O. Southwestern, tendered his resignation yesterday, to take effect the 1st of next month.

Mr. Neuffer leaves the service of the B. & O. S. W. to go with the Illinois Central as assistant superintendent of machinery, with headquarters at Chicago. Mr. Neuffer has been with the B. & O. S. W. for over 30 years. It has not been definitely decided as yet who will succeed Mr. Neuffer, but John Hair, master mechanic at the Washington, Ind., shops, it is understood, is the man who stands the best chance for the place and will likely get it.

## Cut Down Expenses.

Omaha, Neb., Oct. 23.—Retrenchment has become the watchword on the Union Pacific, as the result of instructions from E. R. Harriman and the directors of that property, and a plan of curtailing and economizing has been adopted for the system which is expected to save hundreds of thousands of dollars during the winter. Numerous employees will be discharged, a number of trains discontinued and a few smaller stations on the mountain divisions closed.

On the Kansas division three local trains will be discontinued and local trains will take up the abandoned traffic.

## The Outlook

Cincinnati, Oct. 23.—President M. E. Ingalls, of the Big Four was at his office again yesterday after a trip to New York, where the higher officials of the Vanderbilt lines met Mr. Vanderbilt, who has returned from an extended stay abroad.

In regard to business Mr. Ingalls said that he didn't look for any marked falling off but that there would probably be a slight decrease.

He said some of the railroad officials in the East said there had been a decrease in traffic in certain lines, particularly in iron and steel. He said, however, that no decrease in traffic had occurred on the Big Four, and that there were handled in the system Wednesday over 9,000 cars.

## Wabash and B. &amp; O.

Morgantown, W. Va., Oct. 23.—Another chapter in the struggle between the B. & O. and the Wabash railroad interests in West Virginia was added Thursday, when Judge Mason granted the B. & O. company a temporary injunction which restrains the Wabash from building a line on the east side of the Monongahela river at Fairmount. The injunction will serve to hold up the Wabash for at least two weeks.

## Local Railway Notes.

Brakeman W. J. Hudnel, E. C. Ryan, F. E. Moats, J. T. Murphy and Doc Haslop have all returned to work after a short absence.

Brakeman George White is laying off for a few days.

B. F. Mace, building inspector of the

Yard Conductor Andy Gordon is off on leave of absence.

J. R. Murrell the veteran B. & O. brakeman, is attending the Somerset fair.

After having been off duty for several days Louis Snor, night boiler inspector has been marked up for service.

Brakeman R. H. Willey is laying off for a few trips.

After having been off duty for some days, Conductor Danford is working again.

Brakeman White who has been laying off for some days has been marked up for service.

Brakeman H. L. Hayes is off on leave of absence.

Joe Dublin, chief caller at the B. & O. yard office is putting on more airs today than a general superintendent. Last night a number of the callers presented him with a silk hat, as a mark of their esteem, and Joe has been wearing it today. It had several narrow escapes during the day.

Brakeman F. P. Leonard has been marked up for service after having been off for a few days.

Brakeman E. Wilson is laying off for a few trips.

Conductor McCann has been given leave of absence for a few trips.

## SALARY

Of This Youthful City Official is One Cent a Day—Indianapolis Pays the Bill.

Indianapolis, Ind., Oct. 23.—The lowest salaried employee of this city is Ivan Newlin. He perhaps receives the smallest pay of any city employee in the country. The board of works has made an order for his salary. It is \$1.50 for five months, or one cent a day.

Newlin, who is 10 years old, is a son of Charles Newlin, chairman of the Prohibitionist state committee. His position is an inheritance from the town of Irvington, which recently was annexed.

The town board saw the necessity of an electric light at an obscure crossing and young Newlin was paid one cent a day for turning it on at night and off in the morning. His bill is allowed regularly by the city.

## DUMONT

Expects to Try for the Airship Prize at the St. Louis World's Fair Next Year.

Paris, Oct. 23.—M. Santos Dumont, the Brazilian aeronaut says: "If there is no modification of the conditions stipulated, I shall participate in the contest at St. Louis for the aeronautic prize. The conditions named are perfect for the numerous difficulties prescribed enable a splendid test of the dirigibility of balloons. There will be three points to encircle, instead of one as in the contest for the Deutsch prize, in which it sufficed to double the Eiffel tower. I believe my number seven will attain the speed fixed upon. This balloon is really an arrow. It measures 154 feet in length, has a diameter of 22 feet and is driven by a motor having 50 horse power."

What a grand family medicine it is, grand—Ayer's Sarsaparilla.

## THE COURTS

PICKETT-HOWELL CASE IS NOW BEING TRIED.

John Weekly Admitted to Bail—Transfers of Property—Notes from Newark Courts.

In the Common Pleas Court the case of G. S. Pickett vs. Aden S. Howell is on trial to the court and jury today. The suit is brought to recover \$61.50 the purchase price of a lot of fruit trees sold by plaintiff to defendant. The defendant resists payment for the trees, alleging that they were delayed in shipping to him and when they arrived ready for delivery that they were injured and not in good order. J. R. Davies; Frank A. Bolton.

## Court Notes.

John Weakley, Sr., charged with assault and battery on Eli Belford, has been admitted to bail and is now at liberty.

Fred Coleman, charged with making an assault on Mabel Handel, has been admitted to bail for his appearance at the next term of the Probate court.

Frank Banner has been appointed guardian of James Dale Banner and Frank Raymond Banner. Bond \$500.

## TRAINMEN

On New York Central Make an Unsuccessful Attempt to Rob an Express Messenger.

New York, Oct. 23.—When the Montreal and Adirondack express reached the Grand Central station, Express Messenger Miller accused Arthur Carpenter and Fred Avery, New York Central trainmen now under arrest in Albany, of entering his car and assaulting him for the purpose of robbery. Avery was in uniform at the time and was working as head trainman. Carpenter was riding into Albany on an employee's pass.

The alleged attempt at robbery was made yesterday while the train was running at top speed just outside of Schenectady. It is Miller's idea that the men intended to rob him, leave the train at Schenectady and take another train there for the West or North.

Miller says that when he resisted and recognized his assailants, Carpenter threw open the side door of the car and leaped out. The train was running at the rate of 45 miles an hour. Carpenter was last seen as he rolled over the side of the embankment.

Miller closed and locked the door, drew his revolver and kept Avery a prisoner in the car until he was turned over to the authorities.

Although badly injured, Carpenter walked to the nearest small station and got there just in time to catch a local into Albany, reaching there some time after the arrest of Avery. He went direct to police headquarters and gave himself up. He was told that Avery had confessed and he made a confession also.

## ANIMAL LANGUAGE.

Sounds Both Shriill and Low That We Cannot Hear.

Most people suppose a mole to be dumb, but it is not. A mole can give a sound so shrill that it hasn't any effect on the human ear at all and another sound so low and soft that no human being can hear it. Yet a weasel can hear both these sounds as plainly as you can the report of a gun, and a sound registering machine—the phonograph—will show them both, with scores of other sounds you are deaf to.

The usual note of the mole is a low purr, which it uses a good deal while at work underground, and it can also shout at the top of its voice if hurt or alarmed; but, though it shrieks and purrs in your ear, you wouldn't hear it. The sound register, however, with its delicate pencil that marks the volume of sound on a paper, gives the quality of both sounds.

A weasel, too, which is one of the mole's enemies, can hear these sounds through a couple of inches of earth and often catches the mole when he throws up his hillocks of earth. The common field mouse, too, has a purr that is altogether beyond you, though you can hear him squeak plainly enough if he is hurt. A death's head moth, too, can squeak, but that is done by rubbing his wings together and is not a voice at all.

But the clumping of all creatures for good hearing and one that can hear a sound that is over 100 degrees beyond your own limit is the common thrush, and you may often amuse yourself by watching him at it. He can hear a low form moving underground, locate him by the noise and haul him out.

Often you may see a thrush stand perfectly still on your lawn, cock his ear and listen intently, then make a couple of steps and haul out a fat louse. Even the starling, which is about the size of a thrush, cannot do this, but he knows the thrush can, and, being a disreputable person, with no common honesty, he follows the young thrushes about on their worm hunts and steals the worms from them as soon as they are caught—London Answers.

## VIGOROUS OLD AGE.

Plato died in his eighty-third year, and his last hour was devoted to intellectual work.

Isocrates was ninety-four years old when he wrote his famous work, "Panathenaisus."

Terestius Varro lived to be nearly a hundred, and he continued to write up to the day of his death.

Hiero, king of Sicily, lived to be ninety, and Masinissa lived to be still older and ruled for sixty years.

Quintus Fabius was appointed augur when he was past middle age, and he held the office for sixty-two years.

Cato Censorius transacted business until he was nearly ninety and retained to the end all his old-time vigor.

Gorgias Leontium, the teacher of Isocrates and other distinguished men, was in excellent health at the age of 107 years.

Chrysippus began to write his work on logic in his eightieth year. Cleanthes taught his pupils up to his ninety-ninth year.

Sophocles lived to be nearly a hundred, and during his last days he wrote the "Edipus Coloneus," one of the greatest tragedies ever written.

Arganthonius began to rule when he was forty years old and held power for eighty years, and in the third book of the "History" Asinius Pollio tells us that he did not die until he was past his one hundred and thirtieth year.

## Valuable Insects.

Perhaps there are few substances contributed by animals to the materia medica of greater value or more extensively beneficial than certain species of insects. Of these there are none more highly esteemed for medical purposes than those beautiful, shining, green colored insects known as blister beetles, or cantharides. Their corrosive action is so great that they frequently inflame and excoriate the hands of those who collect them, and on this property their chief medicinal virtue depends. They are generally used in the form of plasters or ointment, and in cases of violent visceral inflammation their external use can scarcely be supplied by any other medicine.

Curious Mode of Catching Turtles.

A curious mode of catching turtles is practiced in the West Indies. It consists in attaching a ring and a line to the tail of a species of sucker fish known as the remora. The live fish is then thrown overboard and immediately makes for the first turtle he can spy, to which he attaches himself very firmly by means of a sucking apparatus arranged at the top of his head. Once attached to the turtle, so firm is his grip that the fisherman on drawing the line brings home both turtle and the sucker.

## Economical in Theory.

Hill—I suppose my wife is the most economical woman that ever stepped.

Dale—So?

Hill—Yes; she never spends money for anything that she does not say she will save it in something else.

Dale—And does she?

Hill—Well, you see, we never have got so far as that yet. But it is the principle I was talking about.—Boston Transcript.

## At the Dinner Party.

"Surely you are not going yet, Mr. Parry No?"

"I must, ma'am."

"But won't you stay for the feast of reason and the flow of soul?"

"Thank, ma'am, but I reckon I've already eat 'n' drunk all that's good for me."—Cleveland Plain Dealer.

## Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY  
sickly women be-  
tween the ages of  
45 and 55, but there are  
very few invalids over 55  
and 60 years of age. The  
change of life coming to  
a woman near her forty-  
fourth year, either makes  
her an invalid or gives  
her a new lease on life.

ing with a friend I noticed  
that she was taking your  
Wine of Cardui, and she was  
so enthusiastic about it that I  
decided to try a bottle. I ex-  
perienced some relief the first  
month, so I kept on taking it  
for three months and now I  
menstruate with no pain and  
I shall take it off and on now  
until I have passed the climax. I do not

Wine of Cardui will be of great benefit  
at this time."

Wine of Cardui is the remedy to  
re-inforce a woman against the shock  
that comes with the change of life.  
It re-establishes healthy functions  
after years of suffering. In doing  
this it has saved thousands of suf-  
ferers just in time. Do not wait  
until suffering is upon you. Thorough  
preparations should be made  
in advance. Begin the Wine of

Miss Rose Peterson, Secretary of the Parkdale Tennis Club, Chicago, from experience advises all young girls who have pains and sickness peculiar to their sex, to use Lydia E. Pinkham's Vegetable Compound.

How many beautiful young girls develop into worn, listless and hopeless women, simply because sufficient attention has not been paid to their physical development. No woman is exempt from physical weakness and periodic pain, and young girls just budding into womanhood should be carefully guided physically as well as morally.

If you know of any young lady who is sick, and needs motherly advice, ask her to write to Mrs. Pinkham at Lynn, Mass., who will give her advice free, from a source of knowledge which is unequalled in the country. Do not hesitate about stating details which one may not like to talk about, and which are essential for a full understanding of the case.

Miss Hannah E. Mershon, Collingswood, N. J., says:

"I thought I would write and tell you that, by following your kind advice, I feel like a new person. I was always thin and delicate, and so weak that I could hardly do anything. Menstruation was irregular. I tried a bottle of your Vegetable Compound and began to feel better right away. I continued its use, and am now well and strong, and menstruate regularly. I cannot say enough for what your medicine did for me."

How Mrs. Pinkham Helped Fannie Kumpfe.

"DEAR MRS. PINKHAM:—I feel it is my duty to write and tell you of the benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. The pains in my back and womb have all left me, and my menstrual trouble is corrected. I am very thankful for the good advice you gave me, and I shall recommend your medicine to all who suffer from female weakness."—Miss FANNIE KUMPF, 1922 Chester St., Little Rock, Ark. (Dec. 16, 1900).

Lydia E. Pinkham's Vegetable Compound will cure any woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, nervous prostration, and all forms of woman's special ills.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.

**ANNIVERSARY**

Of Mr. and Mrs. R. P. Taylor Celebrated Delightfully Thursday, Near Reynoldsburg.

Mr. and Mrs. R. P. Taylor who live near Reynoldsburg, delightfully entertained about 50 of their relatives and friends on Thursday. The occasion was their 25th wedding anniversary. About 10 o'clock guests from near and far began to arrive. By special arrangement cars on the C. B. L. & N. road stopped at the Taylor residence for the accommodation of the guests, which was duly appreciated.

Soon the large dwelling was filled to its capacity. The guests all seemed eager to give some token of their esteem and respect for Mr. and Mrs. Taylor, which was not alone evidenced by the many kindly words spoken of them, but also by the great number of presents for host and hostess to be a constant reminder of the glad, happy days of October 22, 1878-1903. At the dinner hour a splendid dinner was served.

Miss Gertrude Taylor, who is an accomplished pianist, entertained with several selections.

The following is a partial list of the guests from a distance: Mr. and Mrs. D. N. Dyer, Galena; Mr. Cook, Mrs. Cox, Miss Lights, Galena; Dr. and Mrs. W. S. Taylor, Worthington; Dr. and Mrs. A. P. Taylor, Columbus; Dr. and Mrs. F. G. Taylor, Reynoldsburg; Dr. and Mrs. Buren Taylor, New Albany; Mr. and Mrs. Herman Taylor, New Albany; Mr. and Mrs. D. M. Hall and mother, Newark; Mr. and Mrs. Sprague Grove City; Mr. and Mrs. W. Barr, Brice; Mr. and Mrs. A. P. Henderson, Mr. and Mrs. H. Jewett, Mr. and Mrs. F. Cramer, Mrs. D. J. Snyder, Columbus; Mr. and Mrs. Ed. Babbitt, New Albany; Miss M. E. Peters, Miss Alice Whitehead, Pataskala, Mr. and Mrs. Joel Palmer, Mr. and Mrs. W. Palmer, Mr. and Mrs. Marion, Wagram; Mr. and Mrs. J. F. Keller, and son of Newark; Mr. and Mrs. Simmons, Kirtsville; Mr. and Mrs. Robert Willie Worthington; Mr. and Mrs. Will Smith, Mr. and Mrs. F. McGlade, Mrs. Pailene Alberty, Mr. and Mrs. Parkinson, Reynoldsburg.

As the day so full of good cheer faded into a pleasant memory, and the guests started on their homeward pilgrimage, each wished Mr. and Mrs. Taylor many returns of these glad, happy anniversaries.

**GLASS MEN**

Disagree and Will Engage in Bitter Warfare—Employees Agree to a Reduction.

Columbus, O., Oct. 23—All hope of an agreement between the Burns and Phillips glass workers was lost with the official announcement of President Cole, of the Independent Window Glass company which has its headquarters in this city, that the Phillips men had agreed to accept a reduction of 33 1/3 per cent in wages, and that the plants where they are employed will soon be opened. Mr. Cole said that the furnaces controlled by the independent company have been fired and that work will begin at the various plants within a very few days.

**Challenge issued.**

Granville, O., Oct. 23—The Tom L. Colonel Holz was in charge of the Salvationists who conducted services recently among the Kentucky feudists.

**FOOT CAUGHT**

And Walter Leedale May Lose Three Toes—Accident at an Elevator Friday.

Walter Leedale met with a serious and painful accident about 10:30 o'clock Friday morning. In operating an elevator the machinery started before he was quite ready and the result was that one of his feet was caught between the flooring and the elevator. Three of the toes were so badly mashed that Dr. C. F. Legge, the attending surgeon, is afraid that they will have to be amputated. Walter is now at the home of John Kiefer, corner of Fifth and Church streets.

The accident happened in the Scott building, corner Third and Church streets, now occupied by Larus & Altmeier.

**OFFICERS**

From Whom Prisoners Escaped May Have to Answer for Their Great Carelessness.

Philadelphia, Oct. 23—Deputy United States Marshals E. H. Davis and Alvah Baker of Denver, from whom Albert E. Bell, the mail pouch thief and clock forger, escaped, have asked permission of United States District Attorney Holland, to return to their homes. Their request was refused.

"The men must remain in Philadelphia until we have concluded our investigation," said Mr. Holland.

Government officials say they see no reason, under ordinary circumstances, for deputy marshals remaining in this city more than 24 hours, unless, their presence was necessary at a commissioners' hearing. As Baker and Davis did not deliver their prisoner, they will not be essential as witnesses if the fugitive is retaken, and their continued stay in the city is regarded as significant.

Speculation has been added to the search for Bell by the receipt of two letters at the office of the United States marshal, postmarked at Chicago and addressed to Murfay, which is one of Bell's aliases, in care of the marshal. One of the deputy marshals who accompanied Bell on his trip east said that the handwriting in the address strongly resembled that of Mrs. Sharp, the woman who aided Bell in many of his ventures.

**BURGLARS**

Secured \$6,000 Worth of Plunder at a Cleveland Jewelry Store Last Night.

Cleveland, O., Oct. 23—Burglars looted the Deutsch jewelry company's store on Euclid avenue last night and secured \$6,000 in diamonds, pearls and gold. They got in through the basement and although the store window shades were up, and room brilliantly lighted, they accomplished the job. The police are now scouring the city for the thieves.

Marcus, has decided to invade the lecture platform. He has published a book descriptive of his life in the feud districts of Kentucky. Captain Ewen will deliver his first lecture in Ripley, O., tonight. He will tour Ohio and then take in Indiana and northern Kentucky.

**Aunt Dinah's OLD VIRGINIA Herb Tea**

FOR MOTHERS AND DAUGHTERS.

Every woman who has a daughter knows well the anxiety and worry which always comes at that period of life when girlhood merges into womanhood.

**AUNT DINAH'S OLD VIRGINIA HERB TEA** is of the greatest assistance to mothers in bringing about this change without disturbing the natural functions of the system. It will keep the roses in a girl's cheeks. It is a strengthening tonic and prevents that tendency to decline which so often endangers the lives of girls at this critical period in development.

This Herb Tea is likewise of corresponding value and assistance to mothers and daughters at the end of this period. The use of the Tea will, at the time of the change of life, prevent endless pain and worry. A woman will enter the "crucible of life" with security the knowledge that the change has occurred.

Try this Tea and profit by the experience of many grateful women who have tested its merits.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

## AMUSEMENTS.

"John Martin's Secret" will be the bill presented by the Murray Comedy company at the Auditorium tonight. This company which is playing here all week at popular prices has been drawing good sized houses and giving entire satisfaction. There will be a matinee tomorrow afternoon when Cinderella will be the attraction.

### QUINLAN & WALL.

Everything about the Quinlan & Wall Imperial Minstrels which will be seen at the Auditorium on next Monday evening for a single performance, is spick and span new this season. With record in the first season of 42 weeks played without missing a single performance and without receiving a solitary adverse criticism, Manager Quinlan has exerted himself to make this year's show better than that of last year. The parade will be the parade of "The Captains of Minstrelsy," the men being costumed in the khaki uniform of the captains of the United States army. The first part will disclose the entire company seated about a representation of the Dewey arch in New York and everything will partake of the military flavor. The fun makers will be garbed in brilliant costumes of satin, all new for this season and of various bright hues. The singers will be costumed in the uniforms of the commanding generals of the great armies of the world. Mr. Quinlan as intelluctor wearing that of the Lieutenant General commanding the army of the United States. The musicians too will be costumed in the military style. The first part will be closed with the most effective transition ever attempted in minstrelsy, "Washington Crossing the Delaware," produced with special music, scenery and electrical effects. Jimmy Wall's specialty will be entitled "When the Moon Shines Bright." He has been at work upon it for some time, it is handsomely dressed and set, and Mr. Wall is sure to make the greatest hit of his career during this season. Two big dancing acts which are especially coached by George Primrose, the greatest of the dancing minstrels for the past 30 years are big features of the olio. This also includes the "Trocadero Quartet" in another new and pleasing specialty, and the Physical Culture Trio, given by the Brothers Adelaide, who came direct from Australia to join the Quinlan & Wall show. They give a marvelous exhibition of physical culture poses, and the most wonderful exhibition of bag pinching now before the public, they being the holders of the Police Gazette medals and belts for the championship in this line. No expense has been spared to make the Quinlan & Wall Imperials this season the very best that it is possible to get, and a most enjoyable performance is in store for Newark theatre goers on Monday night.

### NEXT WEDNESDAY.

One of the quaintest characters on the stage this season is that of Lena Snyder the Pennsylvania Dutch girl in "A Daughter's Devotion" which comes to the Auditorium Wednesday, October 28. The play opens in the oil fields of Pennsylvania where Lena is introduced, among the prospectors and the sharpers and the raffish of the times of oil strikes. She is a quaint little body, full of philosophy, with the most delicious dialect imaginable. She speaks words of rare wisdom with a naivete which is delightful. The sharpers try to ruin her old, commonplace father, but her woman's wit rescues the old homestead which is immensely rich in oil. This character is played by Miss Alma Stirling who has won fame as the Dutch Dancing Girl, and whose character art has placed her in the front rank of dialect comedienne in this country. The play is full of comedy and speciality and Miss Stirling will be seen in her famous wooden shoe dance which has never been equalled in grace and the poetry of motion.

### A MAN OF MYSTERY.

The Murray Comedy Company on Thursday evening pleased a large audience with a presentation of "A Man of Mystery," a detective story that gave William B. Morris a fine opportunity to do splendid work as the "Shadow" to Dr. Jekyll and Mr. Hyde character. Dick Maddox did a negro servant, the first work in black face that he has done this week, and he was good. Mrs. Clara Hazel Lamb and Mrs. Dorothy Smith did splendidly in the piece and each sang an illustrated song in most pleasing style.

Miss Grace Thurston had the female lead as Flossie Glenwood, an heiress and she was excellent. Her dancing is becoming a feature of the specialty program this week, and is certainly as good as any that has been seen in Newark.

### BOSTONIANS COMING.

The Bostonians are accomplishing a grand revival of "Robin Hood." They could hardly have hit upon a happier way of beginning the season that completes their quarter centennial as an organization, and it seems to be the general verdict that they have never made known so enduring and popular a work as the Smith-DeKoven chief "dovour." The vitality of that engaging musical idyl is among the fixed facts of the stage world. The Bostonians will offer Robin Hood at the Auditorium next Saturday night.

### THE WIZARD OF OZ.

An entirely novel stage effect in "The Wizard of Oz" shows the disruption of a Kansas farm by a terrific cyclone, which carries away in full view of the audience a substantial looking

farm house containing the heroine, little Dorothy. The cyclone whisks the house with the little girl inside of it, over forests and rivers, past villages and cities, over steeples and spires and towering roofs, until the storm subsides and the house descends in fairyland.

where the little heroine from Kansas encounters all sorts of strange adventures amid all kinds of whimsical and fantastic creatures and beautiful and benevolent fairies.

The cyclone effect in "The Wizard of Oz" originated with Stage Manager Julian Mitchell, of international fame through his long association with the late Charles H. Hoyt's productions, and in recent years the producer of all of Weber & Fields' burlesques and extravaganzas in New York City. As was to have been expected from an enterprise in which Julian Mitchell was the guiding spirit, "The Wizard of Oz" scored a tremendous hit in New York where it tested the capacity of the capacious playhouse at every performance. Happily this city will be one of the few places visited on tour by "The Wizard of Oz." Auditorium next Thursday, October 29.

### JACKSONTOWN.

The friends of Rev. Shook will be pained to hear of his death at Hopeville. He has been suffering for several months with lung trouble.

Mrs. Wade and two children, of Dayton, are visiting her sister, Mrs. Wm. Powell.

Mr. Charles Irwin and sister Kate were at the Lancaster fair on Saturday.

Mrs. A. B. Gray and daughter Grace visited friends in Millersport Saturday.

Mr. and Mrs. Edwin Layton visited the first of the week in Columbus with the former's mother, Mrs. Sallie Layton.

Mr. Chas. Stotler and Miss Zoë Catlin were united in marriage at the home of Rev. James Lamp in Newark on Thursday. Thursday evening a dinner was given in honor of the young

couple at the bride's home, by her parents, Mr. and Mrs. Robert Catlin. Mr. and Mrs. Melvin Harter and Mr. and Mrs. J. F. Davis visited Sunday with Mr. and Mrs. Cephas Harter at the infirmary.

Quite a number of people from here formed a nutting party and visited "Cody Knob" about a mile southeast of Jacksonville, which is said to be the birth place of "Buffalo Bill Cody" the great showman. This knob contains quite a number of chestnut trees and the crowd reported a good time, but not very many chestnuts.

Miss Ira Meredith who is teaching at Kinkersville, spent Saturday and Sunday with her aunt, Mrs. George Handley.

Miss Mary Osburn returned home Sunday after spending several days with her aunt, Mrs. Sallie Prior, of Outville.

Mr. Harry Davis of the Licking County Creamery, at Newark, was in town Tuesday looking after a milk route.

Mr. Thomas Holtsberry moved his family to Hebron on Tuesday.

Rev. Rogers will fill his regular appointment at the M. E. church on next Sunday at 2:30 p. m.

### F. D. HALL'S NEW DEPARTURE

Selling Medicine at Half Price Under Guarantee of Cure.

After two months of remarkable sales, F. D. Hall, the enterprising druggist, says that his plan of selling at half price the regular 50-cent size of Dr. Howard's specific for the cure of constipation and dyspepsia, and guaranteeing to refund the money if it does not cure, has been the greatest success he has ever known.

Any one suffering with dyspepsia, constipation, liver troubles, headaches, dizziness, coated tongue or the general tired feeling, caused by inactive liver and bowels or disordered digestion, should take advantage of Mr. Hall's new departure and buy a bottle of Dr. Howard's specific at half price, with his personal guarantee to return the money if it does not cure.

The specific comes in the form of small granules, very pleasant to take, and each vial contains sixty doses. Under Mr. Hall's special half-price offer, this means a month's treatment for 25 cents, with the best medicine known for the cure of constipation and stomach troubles.

If you cannot go to his store today, send him your order by mail, as Mr. Hall has only a limited supply to sell at this special price. 10-19-23-29

### MARTINSBURG.

Mr. and Mrs. Chas. Jones of Indiana are the guests of their daughter, Mrs. Lester McCament.

Miss Nellie Freese went to Marion Tuesday to be the guest of her brother O. D. Freese.

Mrs. Edward Vanvorhis is suffering from typhoid fever.

Mr. Will Shrontz has returned to medical college at Indianapolis.

Rev. Gregg was installed as pastor of the Presbyterian church Tuesday evening. Rev. Work of Granville, Rev. Harris of Utica, and Rev. Wilber assisted in the installation.

A series of meetings will commence in the Baptist church next Sunday evening.

The local ball club went to St. Louisville Saturday and overwhelmingly defeated the Rocky Fork team. Our boys play good ball, having won every game this season. The club has defeated St. Louisville three times, Utica Danville and Rocky Fork twice, Hunts and Howard once.

## CATARRH A COMMON COMPLAINT.

Catarrh begins with a stubborn cold in the head, inflammation or soreness of the membrane or lining of the nose, discharge of mucus matter, headaches, neuralgia and difficult breathing, and even in this early stage is almost intolerable. But when the filthy secretions begin to drop back into the throat and stomach, and the blood becomes polluted and the system contaminated by the catarrhal poison, then the sufferer begins to realize what a disgusting and sickening disease Catarrh is. It affects the kidneys and stomach as well as other parts of the body. It is a constitutional disease and as inhaling mixtures, salves, ointments, etc., are never more than palliative or helpful, even in the beginning of Catarrh, what can you expect from such treatment when it becomes chronic and the whole system affected? Only such a remedy as S. S. S. can reach this obnoxious, deep-seated disease and purge the blood of the catarrhal poison. S. S. S. purifies and builds up the diseased blood, and the inflamed membranes are healed and the excessive secretion of mucus ceases when new, rich blood is coming to the diseased parts, and a permanent cure is the result.

S. S. S. is guaranteed purely vegetable and a reliable remedy for Catarrh in all stages. Write if in need of medical advice; this will cost you nothing.

## Not Exactly a Photograph

Is this picture, but in every detail it shows the hang and general stylishness of the English Falstaff Coats and the magnificent Beller Coats in our Cloak Department. These coats are elegant in style, cosmopolitan in character and show the work of the artistic tailor.

Exclusive and pleasing—Prices very reasonable—We claim to be without a peer in this magnificent collection of artistically designed coats. They are a surprise to city people who visit this department, and it pleases us to place this class of garments among our people. You know style when you see it. We can't describe it. Come in and see these.

## Children's Coats.

We want to introduce the 'Colonial' Coats for children. Every Coat designed pleasingly. It's no homogeneous mass. But every Coat receives careful treatment of an individual kind. New to this market. But we hope they will prove acceptable, for they have the style you want.

## WEDDINGS

### FLEMING-JONES.

The wedding of Miss Florence Elizabeth Jones and Mr. Charles F. Fleming, a successful young farmer, was solemnized at "Fruit Hill," the home of the bride's parents, Mr. and Mrs. Ellis Jones, just east of Newark, in Madison township, by Rev. T. L. Klerman, at noon Thursday.

The wedding march was played by Miss Pearl Wheelock, of Buffalo, N. Y., and the bridal party took their places before the minister, who stood in the bay window under a large floral wedding bell, formed of chrysanthemums.

The ribbons were held by Misses Lulu May Barrick and Miss Imo Payne, while little Richard Jones and Carl Ankele formed an aisle by carrying the ribbons from the bay window to the point where the wedding march was taken up. The ring was borne on a silver tray by Miss Ruth Jones, a sister of the bride.

Miss Mary Owen, a cousin of the bride, acted as maid of honor, and Miss Alta Smoots, of Utica, was bridesmaid.

Mr. George Flory, of Newark, was the best man.

Among the guests from out of town were Mr. and Mrs. Thomas Edwards and Miss Edwards, Mr. and Mrs. David Evans, of Columbus, Mr. and Mrs. Thomas Evans, of Pataskala; Mr. and Mrs. Foster, of Johnstown, and others.

The bride wore white silk chiffon, with bertha and trimmings of point lace.

Mr. and Mrs. Fleming will enjoy a honeymoon trip in the East.

### PERRIN-JOHNSON.

Granville, O., Oct. 23.—Mr. Charles H. Perrin, a popular young barber connected with the Ransom tonorial parlors, this place, and Miss Bertha V. Johnson, daughter of Mr. Wesley Johnson, of Clouse's Lane, were married on Thursday night. The ceremony took place at the new home of the groom, rear of Broadway street, and was performed by Professor C. L. Williams, of Denison university, in the presence of a few friends of the contracting parties. Both the bride and groom are among the most highly respected colored residents of this place and they have the best wishes of all their friends.

## WANTS LIABILITY FIXED BY MASTER

Zanesville, O., Oct. 23.—The Zanesville Iron company has been made defendant in a suit begun in common pleas court.

The plaintiffs are the American Iron and Supply company, Wyfok Bros., the American Iron and Metal company and Henry Goodman, all creditors of the defendant.

In their petition the plaintiffs allege that S. R. Wells transferred 348 shares of stock of the Zanesville Iron company to A. T. Weatherald for the purpose of evading liability to the creditors of the concern and that the transfer was not made in good faith. They ask for the appointment of a master commissioner to determine the liability of the respective stockholders of the defendant company and ask that S. R. Wells be deemed liable to assessment on the shares of stock transferred.

The combined claims of the defendants aggregate \$17,130. Winn and Bassett are their attorneys.

### Treasurer Talks

San Francisco, Oct. 23.—Ellis H. Roberts, treasurer of the United States, addressed today's meeting of the American Bankers' association on the effects of the influx of gold. Speaking of inflated securities, Mr. Roberts said in part:

"Those who have climbed too high into the realm of credit must come down. The promoter who has failed to distribute his stocks and bonds may be punished, and those who have petted his schemes may suffer. But a shrinking of inflated securities to their true value is not a public calamity. Our financial system cannot totter, much less be wrecked."

M. P. V. Bonnet said to be a Bulgarian journalist, has arrived in Paris on a journey round the world on foot with his wife. They expect to do it in 15 years and to pay expenses by the sale of postcards bearing their portraits.
